Greetings for the day

We would like to thank you for a lovely interactive session. The presentation on the new year was very informative and the children spoke confidently. Innovative presentation of lion and dragon dance by your students was icing on the cake and thoroughly enjoyed by our students. We relished the recipe of rice balls shared by you.

We really appreciate prompt response from your students and teachers. Their hard work is reflected in the beautiful pictures of cakes and colourful kites that you shared with us.

Hope that the cultural meet was as exciting and enjoyable for you as it was for us. Looking forward to such friendly satisfying sessions in the future.

Thanks and Regards,
